+25%
acquisition uplift with 20% lower delinquency

40
people hired and led across 3 teams built from zero

FOCUS

Fraud risk strategy & detection
Credit underwriting & policy
Portfolio monitoring, KRIs & KPIs
GenAI / LLM agents for analytics
Alternate data & embedded finance
Team building from zero

REGULATION

Basel III/IV · BCBS 239 · GDPR · DORA · EBA Guidelines · PSD2 · BaFin MaRisk · DPDP Act (India)

EDUCATION & CERTIFICATIONS

Bachelor of Science – University of Delhi, 2009
Generative AI on Google Cloud (2023)
High-Potential Management & Leadership Programme, Axis Bank (2023)
Solving Problems with Creative & Critical Thinking – IBM (2024)

Risk analytics leader with 14+ years across banking, fintech and consulting. I set up analytics functions from zero, put them to work on fraud, credit and portfolio risk, and bring GenAI into day-to-day risk work, with the governance regulators expect.
